Project Description

TT-Netzwerk-Partner im
Trainertreffen Deutschland

Freitag, 27. Juni 2008

A leading international manufacturer for heavy trucks is actually implementing a new web based warranty system for the international retail network.

To support the implementation trainers for the following countries are asked for application:

Roll-out Countries: Denmark, Norway, Island, Finland, Greek, Cyprus, Malta, Croatia, Slovenia, Serbia, Macedonia, Hungary, Romania, Bulgaria, Latvia, Estonia, Portugal

Trainer requirements:

- Fluent command of the language of the country you apply for
- Good command of English or German
(to participate at Train-the-Trainer / for background information material)
- Experiences in conducting training
- Knowledge of the automobile or truck retail business, preferably also of warranty systems and processes

Roll-out period:

August/ September/October depending on country

Project volume (Paid days):

1-2 day of training (depending on country)

2 days of TTT-Seminar in Germany

Please apply for this project by email me your trainer profile showing clearly the required experiences. Full contact dates and an actual photo of you should also be submitted. Indicate the country / countries you apply for and your daily rate for a) deliver training and b) attending the TTT-Seminar. Travel expenses will be compensated separately and will be agreed on after your profile has been approved.
